

INFORMATION NIGHT

# CARING FOR CREATION THROUGH SOLAR

Have you ever thought about putting solar on your home, but been confused by the cost, technicalities and finding a reputable supplier?  
Wanted a practical way to put your faith into action?

Come, join us at an information night to learn all about household solar as part of an exciting new pilot project. The Archdiocese's Justice and Peace Office has organised a solar 'bulk buy' for Sydney's Catholic Community. Our presentation will outline the details and answer your questions.

This is a unique opportunity to be part of a practical project, deepen your faith and connect with our community.
